All About Animals

Monday	Tuesday	Wednesday	Thursday	Friday
<p>Check out the Animal Alphabet song and sing and dance along! See the blog post for activities to expand your knowledge of letter sounds.</p> <p>Choose a book to read and tell Mrs. Court what you read. You can text or email her to let her know.</p> <p>Play a game of cards (like Go Fish) with someone in your family.</p>	<p>Read Know Your Numbers: Animals on Epic. It is in your Epic mailbox.</p> <p>Watch the Discovery Walk video. Talk about the animals you might see, the animals you do see, and the animals you want to see. Write or draw about some of the animals in the video and share it with Mrs. Court.</p> <p>Do a discovery walk in your yard or neighborhood! Can you find any living creatures?</p>	<p>Make some binoculars using the instructions linked and search for birds in your neighborhood! How many birds did you see?</p> <p>Choose a bird and learn more about it on the Kids National Geographic website. Tell your family about the bird, write, or draw to share information. Then share some of your work with Mrs. Court.</p>	<p>Read Animals That Fly on Epic. It is in your Epic mailbox.</p> <p>Sing along with this repeat-after-me song about Animals in Action. Do the actions that go with each animal, then make up your own!</p> <p>Try some Butterfly Match Math by creating some butterfly number stones.</p>	<p>Build a bird nest using the instructions linked.</p> <p>Use the questions in the instructions to have a conversation about the bird nests.</p> <p>Read Chicks: 2. 4. 6 on Epic. It is in your Epic mailbox.</p> <p>Practice counting by 2s to 20. Use counters or other manipulatives to help you with this.</p>
